

TOWN OF PENDLETON

NIAGARA COUNTY

6570 CAMPBELL BLVD.
LOCKPORT, NEW YORK 14094

ELEANOR M. DEPEAU
Town Clerk

Mr. John McMann
State of New York
Department of Environmental Conservation
Department of Hazardous Waste
Regional Solids & Waste
Donovan Office Building
Buffalo, New York 14202

Dear Mr. McMann:

The Town Board of Pendleton is interested in the present status of the Frontier Chemical site in Pendleton.

On April 10, 1979 we received a letter from Mr. George R. Amery of the Niagara County Health Department, stating the Frontier Chemical Company had hired R. B. MacMullin Associates of Niagara Falls after your department had requested a schedule of work.

Residents of the Town of Pendleton are concerned over barrels buried on the site. Mr. Donald Ertel, of 4195 Beach Ridge Road in Pendleton, reported that dump trucks have been going in there late at night and dumping. He saw them in April and as recently as early July. Mr. Ertel further reported that whatever they are dumping has a terrible odor.

The Town Board would like this site completely cleaned up no later than mid-October.

Since there is no money in the present budget to cover soil borings we would like to know if this could be done by your department.

Any information you can give us on this situation will be greatly appreciated.

Sincerely,

Eleanor M. Depeau

Eleanor M. Depeau
Town Clerk

Mr. Beebe
JST - Draft letter to
Society regarding the
statement concerning the
burial & sampling of
soil samples south
of pond in former storage
July 19, 1979
3 m.m. for results.
